

# VISITING STUDENT RESEARCHER PROGRAM

The University of Ottawa is the largest bilingual (English-French) university in the world and one of the top 10 universities in Canada for research. Located at the heart of Canada's capital, we have ready access to the great institutions of our country. Our breakthroughs in engineering, health, humanities, science and social sciences, attract global attention, reflecting the quality of our faculty and their drive to discover – making our University a unique place to learn, grow and excel.

## A CULTURE OF DISCOVERY

Researchers at the University of Ottawa can be found working on the frontiers of virtually every field of human endeavour, making us top of mind for industry and government when they seek special expertise and fresh insight. We enrich dozens of disciplines through our curiosity, asking the questions that push back boundaries and create new knowledge. That curiosity keeps the University's brilliant minds engaged, as they grow from students to scholars, to citizens and specialists. We believe that curiosity is at the heart of every academic pursuit. A desire to learn, the courage to question and a passion for discovery are present in everything we do.

## DO RESEARCH AT UNIVERSITY OF OTTAWA
