11
years of history

2
thousand delegates

51
participant countries

40
speakers

ABOUT GIS TAIWAN

COMMUNICATE, COLLABORATE, AND CREATE.

Global Initiatives Symposium Taiwan (GIS Taiwan) is an international student forum instructed by National Taiwan University and organized by students. Each year, we hold a conference where we recruit student delegates all over the world to inspire comprehensive discussions about international issues of various topics. The goal of the symposium is to devise action plans to advance the global community and promote local development.

We assemble scholars from different fields, leaders from business enterprises, and professionals from industries to create an exceptional forum and enlighten student delegates by enabling cultural and intellectual exchange.

INVENT, INNOVATE, INSPIRE

GIS aims to cultivate an interdisciplinary and cross-generation environment for young adults worldwide, providing a platform where impactful ideas and creativity can be shared. It has been our pleasure to have had distinguished speakers to provide their unique perspectives and knowledge.

We are also honored to have established close partnerships with significant organizations globally. GIS believes that through such global cooperation, we truly create an impact to our society, while nurturing future leaders.

We wish to build a diverse and collaborative platform, promote diverse voices, and enable the integration of academic knowledge into practical application.

GIS serves as the intermediary between brilliant ideas and the world. With our global partners, we look forward to creating impact to change for a better world.

WHY A PARTNERSHIP

We appreciate the opportunity to establish a partnership and priceless connections it creates. By welcoming delegates from different cultural backgrounds to join our forum and uniting GIS with HKTSA, we believe that we can develop a more international and diverse discussing environment.

PARTNERSHIP METHODS

01

Registration Discount

1. Discount on registration fee via group registration.

02

Social Media

1. Introductory post on GIS Taiwan's Facebook page.

03

Traditional Ways

1. Display partners' logo or ads of your choice during break time.

1. Additional discount on registration fee based on the number of referrals.

2. Advertising clips shown on GIS Taiwan's social media pages.

2. Show posters or banners of partners.

TO CONCLUDE...

GIS Taiwan is dedicated to gathering young leaders from different fields all over the world to discuss contemporary issues. We provide a platform for delegates to integrate academic knowledge into plausible solutions, hoping to cultivate participants' foresight and contribute to the world.

As mentioned above, we provide basic partnership examples to choose from and we are eager to have further discussion with you. By promoting and welcoming more participants from different countries, we firmly believe that our cooperation will be beneficial for both of us and lead to a varied environment that suits our vision.

We look forward to collaborating with you and establishing a sustainable partnership between us.
