Costs

- Daegu city will bear accommodation, meals, programs and transportation in Daegu from the evening of June 28 to the morning of July 3.
- Individual participant should cover his/her own round-trip international airfare and all the costs to and from Daegu.

How to submit your application

- Please submit your application to (Kim Sangjin at 2008@korea.kr) no later than April 15th, 2026.
- Only applications collected and submitted by the city government will be accepted. Please refrain from submitting individual applications.

< Precautions >

1. Applications sent after Saturday, April 30st (Korea Standard Time) will not be accepted.
2. In principle, we will invite up to two students per city. However, depending on the number of applications we receive, this allocation may be adjusted.
3. Please provide us with name, email and telephone number of the person in charge in the university so that we can communicate with each other smoothly. Other information may be required for the confirmed participants after the recruitment.
